To Capt. SingletonDate 8-4-11From P. Solly CO5Subject Offender Webb, Robert 1569761
C24219T

I, Officer Solly, did a crosscount at 0230, and offender Webb, Robert 1569761 did respond when I attempted to make sure the said offender was alive. When other officers Johns, Officers Alancy, and myself began dropping morning chow on C-wing. As I went to each cell door and ~~talked~~ talked with each offender to make sure each offender was O.K., whether or not they went to chow. When I got to C219, offender Shehan, Roy 1461170 was sitting on the bottom bunk. I asked offender Shehan if he was O.K., and said offender stated he was. Offender Webb was lying on a matress on the floor near the cell door. I called offender Webb's name several times, with no response. That is when I noticed urino around said offender. So I then stepped into the cell and checked said offender for a pulse. Said offender did not have ~~the~~ a pulse. So I ordered offender Shehan to leave the cell, and stepped out to notify the picket officer, I needed a radio and assistance. When a radio arrived I began T.C.S. with 7-picket. If I told officer Johns I needed the life ~~saver~~ response kit and a CPR mask. I then rolled offender Webb off the matress onto his back and began CPR chest compression. Officer Johns arrived with the life ~~saver~~ saving kit, I removed the CPR mask, notified 7-picket that medical was needed. I then began life saving rescue breaths on offender Webb, as well as chest compression. Lt. Yoncay arrived and began ~~working~~ working with CPR.

Medical arrived, and ordered that said offender be taken down stairs to the gurney. Officer Brown, Officer Sargent, Lt. Yoncay, and myself lifted said offender, and carried said offender down stairs, and placed said offender on the gurney. So at that time I climbed on top of said offender and continued with chest compression, as Officers Brown, Officer Sargent, and Lt. Yoncay pushed the gurney to DSC on Stryker. When arriving at DSC an ambulance was waiting, with paramedics. I was relieved by the paramedics of CPR chest compression. I was then taken into medical and said was checked out by medical, and allowed to cool down.
